Special Educational Needs

At Sacred Heart School we have a variety of support available to encourage all children to make the best progress they can. We are a fully inclusive school and encourage all children to take part in every area of their learning.

Children flourish here and all children are fully included in the variety of activities we have on offer. We have a Special Needs Coordinator who leads provision for children with special educational needs. We also have Teaching Assistants and Learning Support Assistants to support children in class.

We work closely with outside agencies across the borough and plan parenting support where appropriate. We are well resourced in both learning materials and staff and ensure that all staff receives specific training closely related to the needs of our children.

Wandsworth has a local offer of services for children and young people aged 0 -25 years with special educational needs and/or disabilities (SEND) and their families, living in Wandsworth. Information about the offer can be found here.
